More Than 800 Students Attend Ancient College This Year.

MANY ARE TURNED AWAY

Anniversary of Birth of Chief Justice Marshall Will Be Observed Tomorrow, With John Garland Pollard as Speaker.

[Special to The Times-Dispatch.] WILLIAMSBURG, VA., Sept. 22.—More than 800 students will have enrolled for the 25th session of the College of William and Mary by Monday, according to indications. Available buildings in Williamsburg have been remodeled into dormitories and facilities in private homes are almost exhausted.

Dr. J. A. Chandler, president of the college, states that the applications of approximately 300 girls have been rejected, due to lack of dormitory space. It is estimated that the freshmen class alone will total over 100.

The formal opening of the college will take place on Monday, September 25, on the campus, and addresses will be made by Dr. Chandler and Dr. John Garland Pollard, professor of Virginia government. A feature of the occasion will be the formal procession of the faculty, formed in cap and gown.

On Sunday, September 24, is the 10th anniversary of the birth of Chief Justice John Marshall. Dr. Pollard will give a eulogy of the life and service of the great jurist. Pollard is a member of the faculty of the college and has been a member of the staff of the Marshall College of Government and Citizenship, the establishment of which at William and Mary has created much interest throughout the country.

The cabinets of the Y. M. C. A. and the Y. W. C. A. will tender a reception to the students and members of the faculty on Tuesday evening, September 25.

PRIVATE DETECTIVES ACCUSED OF PERJURY

Pittsylvania Grand Jury Indicts Men, Result of Gretna Charges.

[Special to The Times-Dispatch.] DANVILLE, VA., Sept. 22.—The Pittsylvania grand jury, which for two days has been investigating alleged lawlessness at Gretna during the trial of liquor cases before two police magistrates, resulted in indictments being made shortly before noon today.

The grand jury presented a written report in which the "good name" of Gretna was cleared, as well as those men against whom liquor-law violation warrants were issued on the strength of evidence worked up by R. G. Thompson and J. H. Dunn, detectives from North Carolina, who were retained to work there.

Thompson and Dunn were both indicted for perjury, a felony, but it was said this afternoon that the county authorities would make no effort to have the men arrested or extradited. The warrants will be pigeonholed, and if the two men appear in that locality, will be served.

The grand jury's report passed on the examination of perhaps thirty-five witnesses branded as false in the story appearing in the papers as given by the two detectives and corroborated by State prohibition officers and county officials. The document presented today was in the nature of a blanket disavowal of all the detectives had said about the night demonstration and threats to lynch them.

The report was not a surprise, for before the grand jury appeared with its decision it had gone before the court and asked Judge Turner Clement if it had the right to indict the officers for perjury. The court replied affirmatively, and the jury retired only to come out a short while later with its findings.

Says Calomel Salivates and Loosens Teeth

The Very Next Dose of this Treacherous Drug may Start Trouble

You know what Calomel does. It is mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones you should never be put into your system.

If you feel bilious, headache, constipation and all knocked out, just get to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.
